BOARD OF PHARMACY

STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
STATE BOARD OF PHARMACY
DOCKET NO.

IN THE MATTER OF THE SUSPENSION	:	
OR REVOCATION OF THE LICENSE OF:	:	Administrative Action
	:	
ANDREW HUMENIUK, R.P.	:	
LICENSE NO. 19195	:	INTERIM ORDER
	:	
TO PRACTICE PHARMACY IN THE	:	
STATE OF NEW JERSEY	:	
	:	

This matter was opened to the New Jersey State Board of Pharmacy upon the receipt of correspondence from Andrew Humeniuk requesting the reinstatement of his license to practice pharmacy. On January 22, 1993, respondent, by way of Consent Order, voluntary surrendered his pharmacy license (January 22, 1993 Order attached hereto and made a part of this Order). At his request, on May 11, 1994 and again on September 25, 1996, respondent appeared before the Board and responded under oath to Board members' questions regarding his impairment, his treatment history and his present activities both professionally and personally.

Having considered respondent's testimony and those documents previously submitted by respondent dated June, 1994 regarding his

past treatment and his counselor's prior recommendations for continued treatment, the Board has determined that in order to fairly and accurately assess respondent's readiness to re-enter the practice of pharmacy the record should be supplemented with more timely information.

IT IS THEREFORE ON THIS 21 DAY OF October 1996,

ORDERED AND AGREED:

1. Respondent shall have his urine monitored at his own expense on a random, unannounced basis for a six month period. Testing shall be performed one time per week for the entire six months. The urine specimens shall be performed with direct witnessing by a Board approved monitor. The initial drug screen will utilize the EMIT technique and all confirming tests and/or secondary tests will be performed by gas chromatographing/mass spectrometry (GC/MS). The testing procedure shall include a forensic chain of custody protocol to ensure sample integrity and to provide documentation thereof.

2. The results of all tests shall be reported directly to H. Lee Gladstein, Executive Director of the Board or his successor, or his designee in the event he is unavailable. The Board may at anytime alter or modify the manner of the testing directed herein. In the event of any such alteration or modification the Board shall give timely notice of any new testing requirement to the respondent.

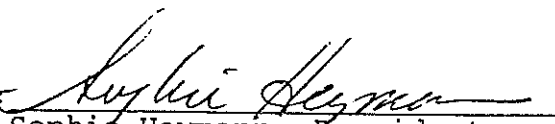

3. In the event Andrew Humeniuk is unable to appear for a scheduled urine test due to illness or other impossibility, consent to waive that day's test must be secured from the Board office.

The lab or monitor will not be authorized to provide consent. In addition, respondent must provide the Board with written substantiation for his inability to appear, e.g. physician's report.

4. Within 90 days from the entry of this Order, respondent shall cause the Board to receive an in-depth, current psychological evaluation from Frank Dyer, Ph.D. of Montclair, New Jersey.

5. Respondent shall appear before the Board for a status conference at the May 14, 1997 regularly scheduled Board of Pharmacy meeting at which time respondent shall demonstrate his compliance with the terms of the within Order, i.e., that all urine screens have been performed and are negative and further that he has submitted a psychological evaluation satisfactory to the Board and has acted upon any recommendations therein.

STATE BOARD OF PHARMACY

By 
Sophie Heymann, President

I have read the above Order
and I understand its terms.
I consent to the entry of this
Order by the State Board of
Pharmacy.

Andrew Humeniuk, R.P.
